

# Eye Guy model

Name: \_\_\_\_\_

## What you will need:

- > Eye Guy model template (on the next two pages!)
- > Coloured pencils, crayons, or textas
- > Scissors
- > Glue stick or PVA glue

## Instructions:

1. Colour in the template (optional).
2. Carefully cut around each of the parts on the template.
3. Fold along the dotted lines.
4. Build each part of Eye Guy's body by securing the tabs with glue.
5. Glue Eye Guy's body parts to his body by matching the Xs on the legs and feet, and the back hexagons on the body and legs.
6. Use the picture below to help you place his arms, hair and accessories.

## Here's what your Eye Guy model could look like once he's done!
