

Eye chart - word making

Name: _____

How many words can you make only using the letters in the chart below?

If the letter only appears once, you can only use it once within a word.
For example, you could make the word 'are' but not the word 'area',
because the letter 'A' only appears once in the eye chart.

Can you make the 11-letter word relating to eye health?

O
F R
T A E
U P T I
M S B O D
H R I T E C
D G K L W N Y Z J
